PEOPLE

I look back on my previous years at Gahr and I think there's one experience that stands out above the others. It's the ability to get along with people of different ethnic backgrounds. Being Black seems like handicap to most people, but I don't see it like this. People of different ethnic backgrounds should be able to be good friends. I feel like I have broken this barrier. I feel like this experience will be very helpful for me in the future. I also feel, though, that this wouldn't be possible if it wasn't for the environment at Gahr. I like having friends of different ethnic backgrounds because I learn a lot of things about other cultures. I feel Gahr has given me this opportunity. I feel very lucky to have this opportunity. Not many schools can say they have an environment such as Gahr. I feel very fortunate, but I feel even more fortunate that I took advantage of this. Thanks to Gahr High I have gained a very valuable experience. This is the one aspect of "Blue and Gold" that is "Pure Magic."

Michael Jackson

1. **Haydee Gonzales, Erik Helmer, Beth Wise, Shelly Siets, Trishia Nevison, and David Hakim** ham it up for the camera man.

3. The tables in the lunch quad are a gathering place for all sorts of people, even ones like **Missy Glover, Kim Daniel, Karen Herring, and Rayven Calderon.**

1982-83 DRILL TEAM

Small Precision: **Corina Gutierrez, Julie Martinez, Kim Rhodes, Brenda Judson.**

From summer practices to staying after school to perfect a certain move, Drill Team gave it their all to make the 1982-83 year awesome. They began by coming back from camp with an outstanding placement for their competition routine. They had appeared in the Huntington Park parade, which appeared on local television, the Artesia parade, and the Norwalk Halloween parade. With their numerous bake sales, fund raisers, the torture of bus rides, and the ultimate of all, Dippity-Doo. The Drill Team of Gahr high really triumphed their year.

1982-83 PEP SQUAD

From the moment they make the team, to the long hours they put in to make a great squad, 38 girls under the direction of Mr. Art Armijo gave their utmost to involve the student body at the pep assemblies and games. Leading cheers until their throats were sore, muscles ached and faces cracked were the rewards that the pep squad earned for an outstanding job in maintaining and keeping up the spirit of GAHR.

As the second month of school came to an end, the '82-'83 Homecoming was upon us. The week was a typical Homecoming filled with things as the popular Halloween dress up day and the very popular Homecoming rally held in the gym. The gym was filled to capacity with anxious students. Tension grew as the finalists were announced. Later that week the Gladiators clashed with their cross-town rivals, the Cerritos Dons in a hard hitting fiasco of football sportsmanship. Though the game was very exciting, the crowning was the highlight of the evening as the crowd awaited the moment that **Shelley Moore** would relinquish her crown to the new queen, **Dee Dee Wellbaum**.

1. **Mark Brandt** toots the trombone in hopes that the rest of the band knows what to do, and doesn't make him look foolish.
2. Looks like the "Party Animal" (**Gary Apodaca**), and the little Girl Scout (**David Hakim**) are becoming pretty close friends.
3. And you wondered why football players have headaches!
4. **Tami Henderson** does her best to keep the crowd in non-stop spirit.
5. "Mike, what's that man doing?" asks **Michele Kern**. "Beats me" replies **Mike Tucio**, just smile, and maybe we'll get our picture in the yearbook".

THE MAGIC OF LEADERSHIP

Yes, 1983 was a year full of blue and gold "Pure Magic". It seems this magic was everywhere as the year is looked back upon now. Most students would agree that 1983 wasn't the most activity-filled or spirited year that ever was; but something that makes it more special than all others was the magic. The magic of the blue and gold is something that can't be seen or heard. It is a feeling, a feeling that keeps the Gladiators standing together in pure Gahr pride after a loss. Some schools would let this loss get them down no matter what it was; be it a football game or other sports, a bad activity, or a boring dance. These could provide a bad environment around some schools, but not here. One thing about us is that we never give up. No matter how bad today is, tomorrow is going to be better. That kind of attitude is the real magic behind Gahr's pride. Some schools might have winning football teams, absolutely crazy rallies, and total school involvement, but Gahr has the magic that keeps it #1.

This year the spirit of Gahr had really shown through community activities. On April 16th, several Gahr students gathered in the Cerritos College football stadium to help at the Special Olympics. They had the chance to really know about helping special people. In December and May, Gahr sponsored two blood drives. Several of Gahr's students and teachers donated to this cause. As a result we exceeded our goal. Our students have really shown the true meaning of "Gahr Pride".

Magic of Mistletoe

The 1982-83 Christmas Dance provided an enjoyable time for over 300 people. The dance was held at the Disneyland Hotel from 8:00 to 12:00 p.m. Sunday, December 19th. **Janice Shubert** was crowned queen and then everyone danced the night away. One thing that everyone will remember is the controversy over the pictures taken that night. In the background of the pictures was a very unattractive occupancy sign, and try as he might, **Mr. Perez** (the photographer) couldn't get rid of the sign. As a result he gave everyone extra pictures. Thus everyone had a magical evening.

POWDER PUFF

Well it was that time of year again when the guys put on the skirts and the girls put on the shirts. Yes you guessed it, it was powder puff football time again and the girls, I mean guys look hot. Dressed in their funky wigs, wierd getups, and lets not forget the girls in their football shirts and tight football pants ready to beat each others brains out. It started out with a simulation football rally with the cheerleaders jumping up and down and going crazy to the max. Then came the dollar ninety eight beauty contest, now that was a real blast to see those guys strut their stuff. Then at night came the game; it was the Seniors and Sophomores, vs the Juniors and Freshmen. The game was very exciting, but no one really paid attention to it. The people at the game paid more attention to the cheerleaders who were going absolutely hog wild. Then at half time there was the crowning of the powder puff king which did not go unnoticed. It was a night to remember and will never be forgotten.

PROM 1983

On May 28, 1983 at the Long Beach Harbor on the Queen Mary, the Junior-Senior Prom was about to take place, Saturday was the day that every boy and girl was looking forward to. Everyone knew there would be a night full of fun, great music, and lots of dancing. That is exactly how the night turned out! The evening started out with a great dinner. At 7:00 pm the band started the Gahr Prom rockin'. The D.J. took over at 10:00 pm and kept everyone dancing till 1:00 am in the morning. The crowning of the Queen and her court took place at 10:00 pm. A surprised **Janice Schubert** was crowned Queen, and her court was **Joy Havalan** and **Heidi Ruth**. Then **Brenda Flanagan** and **David Watkins** entertained everyone by singing, "Back to Oz." The whole evening was a great success, thanks to the Junior class and their advisors. Prom night should never been forgotten, because it holds alot of great memories that we should all keep forever.

MAGICAL COMBINATIONS

SPECIAL FRIENDS

The 1983 school year was a big success for **Special Friends**. There were 33 big friends matched up with 33 little friends. **Special Friends** is a service organization working with "special" children from various elementary schools throughout the area. They had many activities including a visit for both the big and little friends to each others schools, an all district Christmas party, and an all district good-bye picnic. All big friends volunteer their time to be with their little friends and many are now life long friends from their experiences. All the friends and the "father" of Special Freinds, **Ted Teach**, have all had many great times that shall always be cherished.

ANNUAL STAFF

1983 was a great year for Gahr, but for the Annual Staff there were many ups and downs. The year began great with many students signing up for the class, but the problems came later when not enough students bought the book. There was a threat of no yearbook for the 1983 school year. Luckily enough papers were shuffled and the staff was able to order a maximum of 800 books which meant **only** 800 students would receive a copy of the mystical "**Blue and Gold — Pure Magic**". In an effort to increase sales the 1984 yearbook will be brought out in June.

It had never been done before. No high school band had ever been to Tahiti. This challenge prompted band director **Ken Haar** to make Tahiti the site of the annual spring vacation trip.

With the help of Band Boosters, the students raised over \$25,000 to pay for the trip. Costs were held down by the French Polynesian Government which offered to house students in the homes of local officials.

Decked out in red shirts and white shorts, the band played ten concerts in their five-day tour. The schedule

included the larger cities of the islands as well as rural areas. In some villages, the Tahitian children had never seen an outsider, much less a troop of American teenagers armed with band instruments.

However communication was no problem, despite the language barrier. Friendliness and goodwill as well as the universal language of music made their message clear.

PULLING OUT A WIN

VARSITY FOOTBALL

The varsity football team came into the year with a good start with their first two wins against California High and Artesia High. The team had a good attitude and was very enthusiastic about their games. Along with the team effort the coaching was a big factor in the way the team did. The team was trained with healthy minds as well as healthy body, and all that hard training paid off at game time where the team put out one hundred percent. The team had many different kinds of leaders, three of them were tri-captains **Paul Albertini, Todd Davis, Tom Nicklas**. They were inspirational leaders on the field and off. That's what made the team great because without leaders who would they have to follow.

FROSH FOOTBALL

The Freshman Football team of 1983 was a really spirited team in their attitudes. The coaching by **Art Jackson, Tom Bergeron** and **Danny Hernandez** was really the main factor in the teams success. The Frost football team had a season of five wins and two losses which put them in second place in the league. WONDER WORKERS

Ron Waldrum

1937-1983

Once upon a time, in the land of love, a man child was born. As he grew he played hide and seek in the green and golden fields that sheltered his home. At night he would rest by the river and listen as she whispered secrets to his eager heart. So filled was he with life and love and song that he grew to be a giant. But he was gentle. Children would come and friends, to rest in the shade of his shadow. Through some special magic strength flowed from him to them. Having rested in the presence people were renewed with the knowledge that honesty and loyalty was the richness of life. The legend of this gentle giant was shared. Friends told their children and their children's children. Thus did Ron Waldrum live, thus will he live forever.

THE MAGIC MAKERS

Congratulations to the students, staff and parents for the great display this year of Gahr Pride. Gladiators achieved outstanding success in several areas of school life.

The new format for Back-to-School night in October drew over 400 visitors, the highest number ever for this event. The presentations by teachers and the home contracts made by the PTSA were secrets to the success.

The School Improvement Planning effort reached a milestone when a visiting team of educators gave Gahr a very positive evaluation, complimenting the school for its fine program, spirit and support.

Activities and athletics continue to sparkle at Gahr. The league selected Gahr as the first school to receive the new CIF sportsmanship award. And what a thrill it was to root for our team in the baseball CIF finals at Anaheim Stadium!

Best wishes go to the Class of 1983 as they continue to uphold Gahr Pride in the future.

Yours truly,

The administration of Gahr deals with student problems, proficiencies, and many other daily activities. They also deal with teacher evaluations and attend school related activities.

When they were asked which season was their favorite, they had these words to say:

Mrs. Callard: "My favorite time of the year is September. It's a special time of renewed efforts, a new beginning. It's an opportunity to correct past mistakes. The students are especially enthusiastic during September. They're happy to see friends and eager to begin new classes. September is a time of high expectations for all."

Mr. Conley: "The fall. The students have returned to school and are enthusiastic, the teachers are fresh and eager. There is football every Saturday, Sunday, and Monday night."

Mr. Waldrum: "June 16 — For obvious reasons."

Ms. Boyd: "My favorite time of the year would be September, December, and June. September because it's a fresh, new beginning for everyone. December because everyone seems to show a more caring and giving nature toward one another. June because it's a time everyone reflects on their accomplishments and feel a sense of completion."

Mrs. Martinez: "My favorite time of the year must be December right before Christmas vacation. The feeling in the air is joyous and everyone is in good spirits."

Mr. Gutierrez: "Christmas season allows me to rekindle my attitude towards my family and friends in a more charitable and benivoleant manner."

Mr. Richards: "Christmas is best — you see, I still believe in Santa — really!"

Mr. Viculin: "I enjoy May and June which include the Prom, Awards Ceremony, Candlerose and Graduation. These events reflects the achievement and positive spirit of the students."

Regional Occupational Program

1

A Job is something you do with your day — A career — is something you do with your life.

The Career Center was a bustling place this year. Students had the opportunity to hear various guest speakers freshmen students were oriented to the resources in the center, and students were prepared to participate in the Career Observation Day held on April 28.

Many of the students seen buzzing in and out of the center were students in Gahr's Work Experience Education Program. These Students work at paying jobs at various locations in the community. Other students seen in the Career Center were in the ROP program. These students learn specific job skills at locations in the community. Both Work Experience and ROP students were able to gain and improve on their employment skills.

The Sophomores of 1985 showed a lot of pride. They did numerous things for fund raisers including the famous pancake breakfast and the Gladiator pin sale. The class of 85 also held the 5th quarter dance and the Sadie Hawkins Dance. But most of all, the sophomores got their class rings. The Sophomores' success this year can be attributed to their outstanding dedication.

A TOUCH OF CLASS

My years are four, and come to an end,
 But life goes on, through thick and thin.
 I realize now the fun I had,
 My memories are gold, but my feeling are sad.
Wendy Davis

WE'RE TALKING SENIORS

"Seniors take no Prisoners" was how the Class of '83 ended their four years at Gahr. As Freshmen they held the Celebrity Basketball game and dance. During their sophomore year they received their class rings with "Eternity" as their motto. Soon the time came to become Juniors, they put on the 1982-83 Junior-Senior Prom, that was held at the Marriot Hotel the theme was "Don't Stop Believing" by Journey. The class was still debt free. Finally as Seniors they've sponsored many activities such as the Dating Game, Sr. Ski day, Candle Rose, Seniors Ditch Day and numerous fund-raisers. Throughout their years of candy sales, flower sales, and pickle sales the Class of 1983 has survived and will never take "Prisoners".

Transatlantic Magic

I am just so happy that I came to the United States for a year. When I came here last August from Finland I wasn't sure if I was doing the right thing. Everything would be so different, I was coming to a different culture. Will I get used to it? Will I make friends? Well, I got used to living in Southern California with different kinds of people, and I made some really good friends.

My Senior year at Gahr has been great. The school system is totally different in Finland that in the U.S. For example, in Finland every day in two weeks is different, and the days at school might be eight hours long then some other days are only five hours. We hardly have any activities at school, and I think that you people at Gahr are lucky to have such a good extra-curricular program. As I joined the swim team I made a lot of friends and it really was a super nice experience.

Everyone at Gahr has been so nice to me that I just simply have to thank you all. I appreciate all the big and little things you have done for me. It was nice to know that when I needed help I could always find somebody who was able to help. I love my American family a lot. The MacKeen's and you all have made my year in a foreign country worth it. Thank You!

Rakkaudella,
Helena Arola

Ditch Day '83

This year Senior Ditch Day was held at Magic Mountain. It was an event to remember. This was to be one of the last things that they would do as a class. Thoughts of Graduation have been going through their minds for the last few months, but today all they want to think about is having a great time. The good part about this day was that they had the park to themselves.

REFLECTIONS

Tell me crystal ball what can you see? We are the graduating class of "83". What's in the future that lies for us on the path? Something from the past? As I look through my high school years, My eyes start to water to form a tear. With the best of memories which I'll never forget. But there's still many more that haven't come just yet. Being an underclassman is all in the past, it's time for graduation good-bye to school at last! Before I say good-bye and give my last farewell I'd like to share a few memories that I'd love to tell. I couldn't have made it with out all my loving friends. The crazy fashions and all the different trends. I won't forget running through the parking lot in my pumps, and my poor old Volkswagon which went over those awful speed bumps. Running by the cafeteria on a rainy day, then, slipping and falling which was embarrassing in every way. There's nothing like getting the giggles in a quiet class, or yelling down the hall to friends you pass. Football games and rallies we use to really shout, didn't it seem like forever till we finally get out. Dancing our hearts away from dusk to dawn, on the Queen Mary the night of the prom. I wish I could keep going on and on, but graduation will be here before to long. Without my friends where would I have been? All I can say is thank-you again. So where ever you go and ever if we're far apart you'll always be with me close deep in my heart so I'll say good-by and be on my way for tomorrow is only another day so when people ask "Who we be" you shout right back Gahrs Class of 83".

Grad Nite '83

Grad Nite '83 was the title of their years Senior trip to Disneyland. This was the end of the year party every Senior had been looking forward to. The entire evening was filled with fun and dancing for the graduating class of '83. The Seniors were constantly entertained by bands like Berlin, Greg Kihn, Steel Breeze, Dazz Band, and Papa Do Run Run. When the evening came to an end, the Seniors were saddened. Grad Nite '83 was to be their final high school outing. As the Gahr Grads slowly found their way to each of their busses, they knew they would never forget their night of partying at Disneyland's Grad Nite '83.

In a small town called Ryan, in Oklahoma, Mr. Ron Waldrum was born on January 27, 1937. In years to come Mr. Waldrum entered high school and proved to be very active. He was on the football team for 4 years the track team for 4 years, and the basketball team for 3 years. In between his sports activities, he found time to be in drama and student council for 2 years, and chorus for 4 years. As soon as he graduated high school he enrolled in Antelope Valley Junior College on a football scholarship. He then received his 2nd scholarship for football and moved on to Stanford. These scholarships provided Mr. Waldrum with an education in teaching. Mr. Waldrum with an education in teaching. Mr. Waldrum 1st started teaching at Artesia High in 1964. He then moved up the ladder and became attendance counselor in 1967, while coaching football at the time. His next position was Dean of Boys for 3½ years, till finally he reached the honored position of Assistant Principal at Artesia High. Mr. Waldrum then decided to come to the best high school, Gahr, as our new Assistant Principal, in 1982. Though Mr. Waldrum was only here a little while, he was loved by students and faculty alike. He will be missed by all here at Gahr High.
